FOREWORD

Oriental Research Institute and Manuscripts library is an Institution under the University of Kerala for the collection, preservation and publication of old palm leaf manuscripts and ancient works. Now there is a collection of 65,000 manuscripts in Sanskrit, Malayalam, Tamil and other languages. Even now additions in the stock are made by collecting manuscripts from different parts of Kerala.

We are now publishing the 7th volume of Alphabetical Index of Sanskrit Manuscripts (Supplementary). The first volume was published in 1957 and covered manuscripts in the alphabetical group 'a' to 'na' and gives information regarding 6079 Sanskrit manuscripts. It was edited and published by Sooranad Kunjan Pillai under TSS. No. 186. The Second volume from 'ta' to 'ma' gives information of 14059 manuscripts in 1965 by Dr. K. Raghavan Pillai under TSS. No. 215. The third volume includes information on works from 'ya' to 'sa' numbering 19312 which was published in 1984 under TSS. No. 254. The fourth volume was published under TSS. No. 256 in 1986. It contained the information on 2218 works beginning with the alphabets 'sa' to 'ha' leading the serial No. to 21530. The fifth volume was published in 1988, under TSS. No. 259, the supplementary list of the works beginning with the alphabets 'a' to 'ta' from 21531 to 26173. The sixth volume published by Dr. K. Vijayan in 1995 under TSS. No. 284 contains information on 4789 works taking up the series from 26174 to 31385. The present volume bearing the TSS. No. 286 contains information on 3674 Sanskrit works from Serial No. 31386 to 35060. The press matter of the present volume was prepared by Dr. P. Visalakshy, Reader and Smt. R. Girija, Senior Lecturer of this Institute.

In the preparation of all the seven volumes of these indices every effort has been made to give all information concerning each manuscript. In fact many details which are generally found only in the Descriptive Catalogues are incorporated in these indices. With the publication of this volume we are happy to present before the Indologists a complete list of the Sanskrit manuscripts which are catalogued in our Institution. We hope that the Alphabetical Index of Sanskrit Manuscripts in Oriental Research Institute and Manuscripts Library will be an invaluable source material for the researchers on Indology all over the world.

Karyavattom,

SCHEME OF THE WORK

The Scheme of the work is almost similar to that followed in the Alphabetical Index of Sanskrit Manuscripts upto the sixth volume. All available information on manuscripts covered are given in these indices. Though it is not exactly a Descriptive Catalogue it more or less serves the same purpose in view of the detailed information given.

The serial number in the first column shows the arrangement of the manuscripts in cataloging and enables one to see the total number of manuscripts in our collection.

In the next two columns the titles of the works with marks of identification in brackets such as vyākhyopeta, keralabhāṣopeta etc. are given in the Sanskrit alphabetical order in the Devanāgarī and Roman scripts. The name of the author of the work or of the commentary or both are noted in the next column. Where the author or the commentator is not known mere dots are given in the respective rows.

The subject of the work is given in the fifth column. For clarity the works have been classified under different subjects such as Veda, Vedalakṣaṇa, Āgama, Mantra, Upaniṣat, Tantra, Purāṇa, Itihāsa, Śrauta, Śrautaprayoga, Gṛhya, Gṛhyaprayoga, Dharma, Śānti, Māhātmya, Vrata, Bhakti, Śikṣā, Vyākaraṇa, Nirukta, Chandas, Jyotiṣa, Vaidya, Vedānta, Nyāya, Yoga, Mīmāṃsa, Kāvya, (Prākṛtakāvya, Campūkāvya, gadyakāvya) Nāṭaka, Alaṅkāra, Nāṭyaśāstra, Kāmaśāstra, Nīti, Śilpa, Gīta, Rasavāda, Kōśa, Jainamata, Stotra, Subhāṣita, Sāmudrika and Vividha.

In the next column the number of granthas of each manuscript is given. The script, material, and extent of works are noted in the seventh column. The Sanskrit manuscripts in our collection are found in various scripts such as grantha, Devanāgarī, Nandināgarī, Malayalam, Tamil, Telugu, Kannada and Bengali. The material of the manuscript is either palm leaf or paper. Works may be complete, incomplete or fragmentary.

The remarks column gives details regarding the manuscripts such as condition of the codex, (whether old, worm-eaten or damaged) availability in other South Indian Libraries, date of copying the manuscript as found in the colophons etc. Number of commentaries of the same work in the Descriptive Catalogue of Sanskrit Manuscripts is also noted. In the last column the number affixed to each manuscript in our collection is given so as to enable one to take out the manuscript from the library shelves.
